Project Work Overview

1.0 Introduction

The Public Building Commission of Chicago (PBC) is seeking contractor’s qualifications for the demolition and abatement of the structures on the Michael Reese Hospital campus located at 29th Street and Cottage Grove Avenue in Chicago, Illinois. The campus includes 29 structures totaling approximately 1.6 million square feet.

Contractors will have the option to seek pre-qualification for Zone 2 only, Zone 3 only or both Zone 2 and 3. The PBC will determine if an applicant is qualified for one or more zones.

2.0 PBC Overview

The PBC is committed to providing business opportunities and broadening the participation of minority owned firms, women owned firms and businesses owned by persons with disabilities (collectively, “M/W/D firms”). In concert with the City and Chicago 2016, the PBC has set procurement objectives for M/W/D firms at 30% participation for minority-owned firms and firms owned by persons with disabilities, and 10% participation for women-owned firms. Given the scope of work and magnitude of this project, the PBC expects contractors to work with the PBC to exceed this goal and maximize disadvantaged, minority, veteran, persons with disabilities and women-owned participation in the project.

The demolition package associated with the Michael Reese Hospital property provides a unique opportunity to demonstrate the City's ability to overachieve the following established goals and maximize:

b. The representation of minorities, individuals with disabilities and women on the engagement team that you would propose for this assignment;

c. Maximize the employment opportunities for:
   a. Minorities
   b. Females
   c. City of Chicago and Community Residents
   d. Veterans, and
   e. Individuals with disabilities

The Contractor is required to submit a three - four paragraph statement in the Executive Summary on the Contractor's approach to meeting the aforementioned goals, as well as outline examples of projects that demonstrate past performance in economic opportunity and impact programs.

I. EVALUATION PROCESS

The intent of this RFQ is to pre-qualify Contactors for the abatement and demolition of the former Michael Reese Hospital property. The PBC intends to solicit bids from the Contactors deemed pre-qualified as a result of this RFQ.

The PBC is looking for creative solutions to meet and/or exceed all the objectives outlined in this RFQ. Contactors are encouraged to highlight specific solutions to unique issues that the Contractor has successfully implemented on comparable projects.

The PBC representatives will review qualification submittals in accordance with the evaluation criteria set forth herein. PBC representatives may also request additional documentation in order to seek clarification of the submittal, and/or request one or more meetings with Contactors, and/or perform site visits in order to clarify Contactors' qualifications and capabilities for this Program. After evaluating all information, the PBC representatives will determine pre-qualification eligibility of each Contractor. The Executive Director will report eligible Contactors to the Board of Commissioners. Once reported to the Board of Commissioners, Contactors will be notified of the results of the evaluation.

The PBC reserves the right to reject any and all qualification submittals and to waive any informality in the submitted qualification submittals whenever it determines such rejection or waiver is in its best interest.

II. EVALUATION CRITERIA

The PBC shall review and evaluate the qualifications of each Contractor in accordance with the following criteria:

A. Responsiveness. Contractor's compliance with all submission requirements and commitment to comply with all contract requirements if awarded a contract.

B. Technical Competence.

Contractor’s experience acting in a prime role as a demolition contractor on projects with significant abatement requirements exceeding $10,000,000.00.

If Contractor's intent is to be found qualified to provide the services required in this RFQ for all zones, Contractor must demonstrate experience acting in a prime role as a demolition contractor on projects with significant abatement requirements exceeding $20,000,000.00.

Contractor’s past performance on at least (3) public and (3) private projects that demonstrate your firm’s ability to perform the work covered in this RFQ on projects with a similar scope of work to this project. Include illustrations, i.e. equipment inventories to show your capacity to perform the work. Experience must include abatement and demolition in addition to projects involving LEED certification.

C. Past Performance. Past performance as a demolition contractor with significant abatement requirements on PBC projects, other government agencies, and private owners demonstrating the Contractor's ability to successfully administer, manage, schedule, and coordinate projects in order to control cost and meet the terms outlined in the contract requirements.

Contractor must disclose Contractor's history regarding defaults or terminations on projects; failure to complete projects on schedule; litigation history, including judgments and outstanding lawsuits; and violation
of laws. The PBC may solicit, from current and past clients or any available resources, relevant information concerning the Contractor's record of past performance.

D. Executive Summary. Quality, completeness and demonstration of experience as contained in the executive summary.

E. Financial Capacity. Adequacy of financial resources to successfully undertake and complete projects.

F. Bonding Capacity. Contractor's bonding capacity meeting or exceeding the value of the projects covered by this RFQ and the Contractor's current projects.

G. Licensing. Contractor's Demolition Contractor's license is required for the demolition and/or deconstruction of the projects listed in this RFQ.

H. Wrecker's Bond. Record of an approved Wrecker's Bond and Comprehensive Liability and Property Damage Insurance.

I. Insurance Requirements. Confirmation of Contractor's ability to meet the insurance requirements as set forth in Part I - Section G Insurance Requirements

J. Minority owned firms, women owned firms and businesses owned by persons with disabilities (collectively, "M/W/D firms") participation.
   a. Contractor’s proposed strategy to maximize the utilization of M/W/D firms during the demolition and abatement of Michael Reese Hospital;
   b. The representation of M/W/D firms on the team that you propose for this pre-qualification opportunity.

Additional elements to be evaluated include the following:
Levels of participation achieved on previous projects as demonstrated in Part II – Section A. PBC Experience and Section B. – Non-PBC Experience.

   a. Project Workforce. Contractor's proposed strategy to maximizing the employment of minority, veteran, individuals with disabilities, females and City of Chicago residents during the demolition and abatement of Michael Reese Hospital;
   b. Proposer's Workforce. The representation of minorities, veterans, individuals with disabilities and women within your firm.
   c. Apprenticeships. Commitment to have 10% of the construction hours worked by minority/low or moderate income apprentices who have matriculated from the Chicago Public Schools or the City Colleges of Chicago.
   d. Creation and/or Development of Employment Training Programs. The level of demonstrated support for a workforce development and training program, including skills assessment, the development and publication of apprenticeship opportunities, and the provision of access to industry-specific training programs. The level of support demonstrated by Contractors to participate in a centralized training program intended to bring together local unions, community-based organizations, private and public entities in an effort to promote apprenticeships in respective trade and union sectors.

Additional elements to be evaluated include the following:
Levels of participation achieved on previous projects as demonstrated in Part II – Section A. PBC Experience and Section B. – Non-PBC Experience.
L. References. The quality of responses received from Owner’s identified in Part II Section A: Non-PBC Experience and Project Managers identified in Section B: PBC Experience.

Section G. Insurance

Does your firm have the ability to comply with the following Insurance requirements? Yes____ No____
If yes, provide a statement of confirmation or a sample insurance certificate that demonstrates your Firm’s ability to comply.

The Successful Contractor must provide and maintain at Contractor's own expense, the minimum insurance coverage and requirements specified below, insuring all operations related to the Contract. The insurance must remain in effect from: the date of the notice to proceed until Substantial Completion of the project, during completion of Punch List, as well as any time Contractor returns to perform additional work regarding warranties or for any other purpose.

**INSURANCE TO BE PROVIDED**

1) **Workers’ Compensation and Employers Liability**
   Workers’ Compensation Insurance, as prescribed by applicable law covering all employees who are to provide a service under this Contract and Employers Liability coverage with limits of not less than $500,000 each accident, illness or disease.

2) **Commercial General Liability (Primary and Umbrella)**
   Commercial General Liability Insurance or equivalent with limits of not less than $10,000,000 per occurrence for bodily injury, personal injury, and property damage liability. Coverage must include the following: All premises and operations, products/completed operations (for minimum of two (2) years following project completion), flood, explosion, collapse, underground, separation of insureds, defense, and contractual liability with no limitation endorsement. The PBC, Chicago 2016 and the City of Chicago must be named as additional insureds on a primary, non-contributory basis for any liability arising directly or indirectly from the work.

   Subcontractors performing work for Contractor must maintain limits of not less than $2,000,000 per occurrence with the same terms herein.

3) **Automobile Liability (Primary and Umbrella)**
   When any motor vehicles (owned, non-owned and hired) are used in connection with work to be performed, the Contractor must provide Automobile Liability Insurance, with limits of not less than $5,000,000 per
occurrence for bodily injury and property damage. The PBC, Chicago 2016 and the City of Chicago must be named as additional insureds on a primary, non-contributory basis.

Subcontractors performing work for Contractor must maintain limits of not less than $2,000,000 per occurrence with the same terms herein.

4) **Contractors Pollution Liability**
   Contractors Pollution coverage is required with limits of not less than $5,000,000 per occurrence for any portion of the services, which may entail, exposure to any pollutants, whether in the course of sampling, remedial work or any other activity under this contract. Coverage must include bodily injury, property damage and other losses caused by pollution conditions that arise from the Contract scope of services, completed operations, contractual liability, defense, excavation, environmental cleanup, remediation and disposal. When policies are renewed or replaced, the policy retroactive date must coincide with or precede, start of work on the Contract. A claims-made policy, which is not renewed or replaced, must have an extended reporting period of two (2) years. The PBC, Chicago 2016 and the City of Chicago must be named as additional insureds on a primary, non-contributory basis. Subcontractors performing work for Consultant must maintain limits of not less than $2,000,000 per occurrence with the same terms herein.

5) **Professional Liability**
   When any architects, engineers, construction managers or other professional consultants perform work in connection with this Contract, Professional Liability Insurance covering acts, errors, or omissions must be maintained with limits of not less than $1,000,000. When policies are renewed or replaced, the policy retroactive date must coincide with, or precede, start of work on the Contract. A claims-made policy, which is not renewed or replaced, must have an extended reporting period of two (2) years.

6) **Property**
   The Contractor is responsible for all loss or damage to PBC, Chicago 2016 and City of Chicago property at full replacement cost. The Contractor is responsible for all loss or damage to personal property including but not limited to materials, equipment, tools, and supplies owned, rented, or used by Contractor.

7) **Railroad Protective Liability**
   When any work is to be done adjacent to or on railroad or transit property, Contractor must provide, with respect to the operations that Contractor or subcontractors perform, Railroad Protective Liability Insurance in the name of railroad or transit entity. The policy must have limits of not less than the requirement of the operating railroad/transit entity for losses arising out of injuries to or death of all persons, and for damage to or destruction of property, including the loss of use thereof.

8) **Asbestos Abatement Liability**
   When any asbestos abatement work is performed in connection with this Contract, Asbestos Abatement Liability Insurance must be provided with limits of not less then $5,000,000 per occurrence insuring bodily injury, property damage and environmental cleanup. When policies are renewed or replaced, the policy retroactive date must coincide with or precede, start of work on the Contract. A claims-made policy which is not renewed or replaced must have an extended reporting period of one (1) year. The PBC, Chicago 2016 and the City of Chicago are to be named additional insureds on a primary and non-contributory basis. Subcontractors performing work for Consultant must maintain limits of not less than $2,000,000 per occurrence with the same terms herein.

B. **ADDITIONAL REQUIREMENTS**
   The Contractor must furnish the PBC Procurement Department, Richard J. Daley Center, Room 200, Chicago, IL 60602, original Certificates of Insurance, or such similar evidence, to be in force on the date of this Contract, and
Renewal Certificates of Insurance, or such similar evidence, if any insurance policy has an expiration or renewal date occurring during the term of this Contract. The Contractor must submit evidence of insurance to the PBC prior to Contract award. The receipt of any certificate does not constitute agreement by the PBC that the insurance requirements in the Contract have been fully met or that the insurance policies indicated on the certificate are in compliance with all Contract requirements. The failure of the PBC to obtain certificates or other insurance evidence from Contractor is not a waiver by the PBC of any requirements for the Contractor to obtain and maintain the specified insurance. The Contractor will advise all insurers of the Contract provisions regarding insurance. Non-conforming insurance does not relieve Contractor of the obligation to provide insurance as specified in this contract. Nonfulfillment of the insurance conditions may constitute a breach of the Contract, and the PBC retains the right to stop work until proper evidence of insurance is provided, or the Contract may be terminated.

The PBC reserves the right to obtain copies of insurance policies and records from the Contractor and/or its subcontractors at any time upon written request.

The insurance must provide for 60 days prior written notice to be given to the PBC in the event coverage is substantially changed, canceled, or non-renewed.

Any deductibles or self-insured retentions on referenced insurance must be borne by Contractor.

The Contractor agrees that insurers waive their rights of subrogation against the PBC, Chicago 2016 and City of Chicago, their respective Board members, employees, elected officials, officers, or representatives.

The insurance coverage and limits furnished by Contractor in no way limit the Contractor's liabilities and responsibilities specified within the Contract or by law.

Any insurance or self-insurance programs maintained by the PBC, Chicago 2016 and City of Chicago, do not contribute with insurance provided by the Contractor under the Contract.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Contract or any limitation placed on the indemnity in this Contract given as a matter of law.

If contractor is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a named insured.

The Contractor must require all subcontractors to provide the insurance required herein, or Contractor may provide the insurance for subcontractors. All subcontractors are subject to the same insurance requirements of Contractor unless otherwise specified in this Contract.

If Contractor or subcontractor desires additional coverage, the party desiring the additional coverage is responsible for the acquisition and cost.

The PBC maintains the rights to modify, delete, alter or change these requirements.

Section H. Anti-Collusion

The Contractor, its agents, officers, or employees have not directly or indirectly entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with this Submission or contract. Failure to attest to this section as part of the bid will make the bid non-responsive and not eligible for award consideration.
