in wages & benefits

Richard Edwards Dual Language Fine & Performing Arts IB School Renovation

Janet Mercado

Flagger and Laborer for 10 years

“Working at Edwards was one of the best work experiences I’ve had on a construction job. I didn’t have to get up so early to get to work because since I was working in the neighborhood, there was no traffic. Even though I was only a few minutes away, the neighbors would save me parking spots, give me water and sometimes food. If someone on the construction team needed to move their car, they would let me know.”

I’m happy that I was a part of the team that helped to build the school’s new lunchroom. I have friends whose kids attend the school, and they really needed the new space.”

Manuel Cervantes

Laborer for 16 years

“I have been a Laborer for 16 years and I got lucky this year being able to work only five minutes from home.”

I have twins in first grade and they both go to this school. I never thought that I would be working on a school that my kids go to. I have been able to tell all my coworkers about the little stores in the area where they can get supplies or lunch, and the shop owners have welcomed the extra business. My kids are loving all the improvements that we have done to the school; as a matter of fact, they use the turf field almost every day. It feels good to work on a project that is benefitting the neighborhood that I live in.”
