WHEREAS, on November 5, 2024, the Commission issued a Request for Proposal (RFP) for Job Order Contracting Services (the "Services") from general contractors to perform construction work through the Commission's Job Order Contracting Program for various construction, renovation and/or improvement projects (referred to herein, collectively or individually as the case may be, as a "Project" or "Projects") undertaken by the Commission from time to time on behalf of various User Agencies; and

NOW THEREFORE, the Commission and the Contractor have executed this Agreement on the terms and conditions that follow:

JOB ORDER CONTRACT OVERVIEW

A Job Order Contract is an indefinite quantity contract whereby the Contractor may perform an ongoing series of individual Projects at different locations and facilities under the jurisdiction of the PBC and/or its User Agencies. The Contract Documents include a Construction Task Catalog® (CTC) containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.

The Commission may, but is not obligated to, issue Job Orders within the scope of this Agreement. If the Commission does so, and the Contractor submits Job Order Proposals or any written documentation that is accepted by the Commission, the rendering of Services will be in accordance with this Agreement. The Commission is not obligated to issue any Job Orders nor to issue any Requests for Job Order Proposals under this Agreement.

The Contractor has three (3) sets of Adjustment Factors to be applied to the Unit Prices contained in the CTC that correspond to the appropriate Tier. Each set of Adjustment Factors includes an Adjustment Factor for performing work during Normal Working Hours, an Adjustment Factor for performing work during Other Than Normal Working Hours, and an Adjustment Factor for performing work that has not been pre-priced ("Non-Pre-Priced Tasks"). The Adjustment Factors shall apply to every Pre-priced Task in the CTC.

Thereafter, as projects are identified the Contractor will jointly scope the work with the Commission. The Commission will prepare a Detailed Scope of Work and issue a Request for Job Order Proposal to the Contractor. The Contractor will then prepare a Job Order Proposal for the Project including a Job Order Price Proposal, drawings and sketches, a list of subcontractors and their MBE/WBE status, current certification letters, construction schedule, and other requested documentation. The Job Order Price shall equal the value of the approved Job Order Price Proposal. The value of the Job Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non-Pre-priced Tasks.

If the Job Order Proposal is found to be complete and reasonable, a Job Order may be issued. A Job Order will reference the detailed Scope of Work and set forth the Job Order Completion Time, and the Job Order Price. The Job Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate Job Order will be issued for each Project. Extra work, credits, and deletions will be contained in a Supplemental Job Order.

The Commission has awarded contracts to General Contractors based on the following three (3) Tiers listed below.

Tier 1 – For Projects Greater than $1,000,000.01
Tier 2 - For Projects between $300,000.01 and $1,000,000.00
Tier 3 - For Projects Equal to or Less than $300,000.00

PROJECT NARRATIVE
As the general contractor for JGMA's new headquarters, we were proud to help bring their vision to life. This was a major milestone for JGMA, their first time being both owners and tenants of their own space. The 100-year old building, previously used by attorneys, wasn't ideal for an innovative architecture firm. Our goal was to help transform it into a space that reflected their creative identity and supported collaboration and innovation. The building's unique layout- a three-story residential structure with a coach house addition gave us an opportunity to create a multi-level floor plans. The result is six distinct spaces that connect seamlessly, providing areas for focused work and team collaboration. The basement stands out as a flexible gathering space for cooking, meetings, and creative fabrication. Here, JGMA’s team experiments with building components, integrating their ideas directly into the office design. JGMA also challenged the industry stereotype that architectural ideas are impractical to build. Every piece of furniture—from desks to tables—was hand-crafted by the team, proving that creative designs can be both functional and build-able. It was inspiring to work alongside JGMA on this project. Their new headquarters is more than an office—it’s a reflection of their talent, creativity, and hands-on approach to design and construction. This project shows what’s possible when vision and craftsmanship come together.

The Respondent shall set forth Adjustment Factors in legible figures in the respective space provided. Failure to submit all Adjustment Factors within a specified Tier will result in the submission being deemed non-responsive. The Contractor shall perform the Tasks required by each individual Job Order using the following Adjustment Factors:

	Adjustment Factor Name	Adjustment Factor Proposed:	X % Weight	= Total
1.	For Projects Equal to or Less than $300,000.00, Normal Working Hours	1.4	.50	0.7
2.	For Projects Equal to or Less than $300,000.00, Other than Normal Working Hours	1.65	.30	0.495

4.	ADD ALL THE TOTALS IN THE RIGHT COLUMN			1.445

Notes To Bidder:

Specify lines 1 through 4 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5th decimal place is 0-4, the number in the 4th decimal remains unchanged; if the number in the 5th decimal place is 5-9, the number in the 4th decimal is rounded upward).

The Adjustment Factors for Other Than Normal Working Hours Adjustment Factors must be equal to or greater than the Normal Working Hours Adjustment Factors. The Non Pre-priced Adjustment Factor must be equal to or greater than 1.0000.

The percentage weighted multipliers above are for the purpose of calculating a Total Base Proposal. No assurances are made by the PBC that Work will be ordered under the Contract in a distribution consistent with the weighted percentages above. The Total Base Proposal is only used for the purpose of determining the Award Criteria Figure.

When submitting Job Order Price Proposals related to specific Job Orders, the Respondent shall utilize one or more of the Adjustment Factors applicable to the Work being performed.

FORM J - AWARD CRITERIA FIGURE

A. Basis of Award (Award Criteria Figure)

To promote the intended goal of economic opportunity and maximize the use of minority personnel on this project, the Public Building Commission of Chicago has established the Award Criteria Figure formula for the purpose of evaluating proposals and awarding the contract. A contract in the amount of the Total Base Proposal (or Base Contract Price) will be awarded to the responsible bidder with the lowest Award Criteria Figure pursuant to Section III.P Basis of Award above. The Public Building Commission of Chicago reserves the right to check all calculations for accuracy. The fulfillment of the Award Criteria does not abrogate the responsibilities of the Contractor to comply with federal and state requirements under the Equal Employment Act and the Illinois Human Rights Act.

1. Instructions

The Bidder shall complete the Award Criteria Figure Formula and transfer the final Award Criteria Figure - Line 15 to the space provided on the itemized proposal sheet. Failure to complete the formula may be cause for rejection of the Bidder's proposal. The successful bidder will be held responsible for adhering to the figures submitted in Lines 1, 2, 4, 6, 8, 10 and 12 during construction of the project.

Lines 2, 4 and 6 in the formula shall not be greater than seventy percent (70%) in each category for the sole purpose of determining award of the contract. Similarly, lines 8, 10 and 12 shall not be greater than fifteen percent (15%) in each category for the purpose of award criteria only. The seventy percent (70%) and fifteen percent (15%) goals are not intended to restrict the total number of minority and female employees to be used on the project, but only to establish limiting figures for use in the formula.

2. Award Criteria Figure Formula

Line 1.	Total Base Proposal (Refer to Line 9 of FORM I - PROPOSED ADJUSTMENT FACTORS), in figures	TBD
Line 2.	Percentage of the Journeyworkers hours that the Contractor proposes to be worked by minority Journey workers during construction of the project. (Maximum figure 0.70)	0.50

Line 15.	Subtract Line 14 from Line 1 (= "Award Criteria Figure")	TBD
	Award Criteria Figure $	N/A

(Insert Line 15 of Award Criteria Formula to Line 10 on Form I – Proposed Adjustment Factors):

3. Community Hiring Bonuses

In order to encourage maximum employment of interested and available residents of the project community on this project, the following bonus calculations shall apply:

a. In calculating the hours worked by minority and women Journeyworkers, apprentices, and laborers under the Award Criteria Figure set out in Part V.A. "Basis of Award (Award Criteria Figure)," all hours worked by minority and women Journeyworkers, existing apprentices, and laborers who are residents of the project community shall be multiplied by 1.5.

b. In calculating the hours worked by minority and women apprentices under the Award Criteria Figure set out in Part V "Proposal Support Documents," all hours worked in new apprenticeships by minority and women apprentices who are residents of the project community shall be multiplied by 2.0.

Definitions

"City of Chicago Residents" means persons domiciled within the City of Chicago. Salaried superintendents are excluded from coverage in this section. Domicile is an individual's one and only true, fixed, and permanent home and principal establishment.

"Project Community Residents" means persons domiciled within the "Project Community" as defined in Book 2.

"New Apprenticeship" shall mean an apprenticeship begun for a person who has not held an apprenticeship card within ninety (90) days prior to beginning the project.

4. Liquidated Damages

The Contractor hereby consents and agrees that, in the event that it fails to comply with each of the minimum commitments submitted with this Proposal on Lines 2, 4, 6, 8, 10, and 12 of the Award Criteria Figure formula, covering minority and female Journeyworkers, apprentices, and laborers respectively, the following shall apply.

If the total hours in any category for which a percentage is assigned in Lines 2, 4, 6, 8, 10, or 12 of the Award Criteria equals zero at the completion of the work, then a net deficiency of the entire percentage assigned will be deemed to exist. For any net deficiency in each category, the following amounts shall be deducted as liquidated damages from monies due the Contractor and the Contract Sum modified accordingly:

a. For each full one (1%) percent deficiency of minority Journeyworkers not utilized – four cents per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 04}}{100}$$

Each one (1%) percent deficiency toward the goal for female Journeyworkers (Line 8) shall be calculated in the same way.

b. For each full one (1%) percent deficiency of minority apprentices not utilized – three cents per hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 03}}{100}$$

Each one (1%) percent deficiency toward the goal for female apprentices (Line 10) shall be calculated in the same way.

c. For each one (1%) percent deficiency of minority laborers not utilized – one cent per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 01}}{100}$$

Each one (1%) percent deficiency toward the goal for female laborers (Line 12) shall be calculated in the same way.

d. Liquidated Damages, if any, will be calculated and assessed on the total amount of the Contract at the end of the Term.

e. Liquidated damages, if any, will be calculated for the last pay requests, if possible, reflecting fifty percent (50%) completion, seventy-five percent (75%) completion, and ninety percent (90%) completion, respectively, based upon the Contractor's pay request together with all attendant certified payrolls and other required documentation of minority and women employment. The accrued liquidated damages and interest will be added to the retention provided elsewhere in this contract. The amount of liquidated damages due to the Commission under this provision will bear compound interest at the rate of 5% per annum, compounded monthly from the date of the Notice to Proceed to the date of approval of a deductive change order for liquidated damages. Should the total amount of liquidated damages due under all provisions of this contract exceed the amount of the Commission's retainage, compound interest on the amount over and above the retainage will continue to accrue until the entire amount of liquidated damages and compound interest is paid to the Commission.

f. The Commission is aware that certain subcontract agreements under this contract may require subcontractors to contribute to payment of liquidated damages assessed under this provision. Should enforcement of subcontract liquidated damages provisions result in an aggregate total of subcontractor liquidated damages greater than the liquidated damages assessed hereunder against Contractor, then Contractor must pay the excess pro rata as a bonus to each subcontractor exceeding its subcontract commitments for minority or women employment, or both.

5. Reporting

In accordance with this commitment, the Contractor must submit both the Contractor's Payroll Record Form and the Contractor's Recapitulation of Minority and Female Worker Hours and Percentages Form on a monthly basis. All Subcontractors shall be listed on the Contractor's Recapitulation Form whether active or not. For the purpose of this report, the following group categories will be used:

b. The classification "Black" or "African-American" includes persons having origins in any of the black racial groups of Africa.

c. The classification "Hispanic" includes persons whose origins are from Mexico, Puerto Rico, Cuba, Central or South America, the Caribbean Islands or other Spanish culture or origin, regardless of race.

d. The classification "Native American" includes persons who are Native Americans by virtue of tribal association.

e. The classification "Asian-Pacific" includes persons whose origins are from East Asia, Southeast Asia, the Pacific Islands or the Indian sub-continent.

f. The classification "Other" includes qualified individuals with disabilities who meet legitimate skill, experience, education or other requirements of employment positions held or sought and who perform the essential function with or without reasonable accommodation and other groups or other individuals found by the Public Building Commission of Chicago to be socially and economically disadvantaged and to have suffered actual racial or ethnic discrimination and decreased opportunities to compete in Chicago area markets.
