A close-up photograph of a person wearing safety glasses, focused on using a Milwaukee compact power tool. The tool is red and black, with the Milwaukee logo and 'COMPACT POWER' visible. Sparks are flying from the tool, creating a bright, dynamic scene. The background is dark and out of focus, emphasizing the action in the foreground.

Kells (George) Park Fieldhouse Community Meeting

2026 Construction Summit

Shoreline Feasibility Study

An architectural rendering of a modern, multi-story building. The building features a facade of vertical panels in shades of blue and grey, interspersed with large, rectangular windows. The building is set against a bright blue sky with some clouds and birds. In the foreground, there is a dark green lawn and a black metal fence. The overall scene is well-lit, suggesting a sunny day.

PBC is hosting its annual Connection Session on Thursday, May 14, 2026, at Malcolm X College. The event will provide attendees with information regarding PBC's upcoming opportunities and encourage industry networking with contractors, professional service providers, Assist Agencies, and MBE/WBE firms, subcontractors, vendors, and suppliers. PBC will also share information regarding its Student Hiring Initiative. Additional information will be made available regarding programming updates and registration, prior to the Connection Session.
